

2024 Janus Henderson Estimated Per Share Distribution Amounts

The Janus Henderson Asset Allocation funds year-end distribution estimates to be paid in December 2024 are shown below.

Please note that these estimates were prepared using income and capital gain amounts through November 1, 2024. The distribution amounts may change, perhaps significantly, for the following reasons:

1. The funds are required to distribute income earned through December 31, 2024. The dividend estimates include income through November 1st plus estimated income for November 2nd through December 31st. Actual income from November 2nd through December 31st may differ from the income estimated.
2. The total number of shares which will receive the distribution will change, perhaps significantly.

The record dates for the distributions are as noted on the page below.

The funds intend to distribute the maximum amount of dividends qualifying for the 15% rate allowable under the law. Estimates of the qualifying percentage are not yet available.

Please note that Funds that have invested in real estate investment trusts (REITs) during the current tax year may potentially recharacterize some of their income distributions as return of capital. If applicable, the recharacterization may occur in February following the current tax year.
