

**Janus Capital Management LLC  
Verification and Short Duration Bond Composite Performance  
Examination Report**

**December 31, 2017**

## Verification and Performance Examination Report

Janus Capital Management LLC  
151 Detroit Street  
Denver, CO 80246

We have verified whether Janus Capital Management LLC (the "Firm") (1) has complied with all the composite construction requirements of the Global Investment Performance Standards (GIPS®) on a firm-wide basis for the periods from January 1, 2004 through December 31, 2017, and (2) designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2017. We have also conducted a performance examination of the Firm's Short Duration Bond Composite for the periods from January 1, 2009 through December 31, 2017. The Firm's management is responsible for compliance with the GIPS standards and the design of its policies and procedures and for the Short Duration Bond Composite's compliant presentation. Our responsibility is to express an opinion based on our verification and performance examination. We conducted this verification and performance examination in accordance with the required verification and performance examination procedures of the GIPS standards. We also conducted such other procedures as we considered necessary in the circumstances.

In our opinion, the Firm has, in all material respects:

- Complied with all the composite construction requirements of the GIPS standards on a firm-wide basis for the periods from January 1, 2004 through December 31, 2017; and
- Designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2017.

Also, in our opinion, the Firm has, in all material respects:

- Constructed the Short Duration Bond Composite and calculated the Short Duration Bond Composite's performance for the periods from January 1, 2009 through December 31, 2017 in compliance with the GIPS standards; and
- Prepared and presented the Short Duration Bond Composite's accompanying compliant presentation for the periods from January 1, 2009 through December 31, 2017 in compliance with the GIPS standards.

This report does not relate to or provide assurance on any composite compliant presentation of the Firm other than the Firm's Short Duration Bond Composite.

2009	9.31	9.03	3.83	n/a	≤ 5	1,752.1	111,259
2008	5.33	4.86	4.97	n/a	≤ 5	317.5	80,818

1. Janus Capital Management LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Janus has been independently verified for the periods January 1, 1994 through December 31, 2017.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The Short Duration Bond Composite has been examined for the periods January 1, 2009 through December 31, 2017. The verification and performance examination reports are available upon request.

2. For the purpose of complying with the GIPS standards, the firm is defined as Janus Capital Management LLC (Janus), an independent investment advisor registered under the Investment Advisers Act of 1940. The firm also includes assets under management of Janus Capital Singapore Pte. Limited and Perkins Investment Management LLC, wholly-owned subsidiaries of Janus Capital Group Inc. Effective May 30, 2017, Janus Capital Group Inc. and Henderson Group plc merged to form Janus Henderson Group plc. Effective January 1, 2018, a new GIPS firm, Janus Henderson Investors, was formed as a result of the merger of the predecessor GIPS firms Janus Capital Management LLC and Henderson Global Investors, which previously claimed compliance since January 1, 1994 and January 1, 2009, respectively. A complete list and description of composites and policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.
3. The Short Duration Bond Composite includes all fully discretionary accounts (excluding wrap accounts) invested in this strategy. Short Duration Bond portfolios seek as high a level of current income as is consistent with preservation of capital. The portfolios will maintain an average-weighted effective maturity of three years or less under normal circumstances and may invest in high yield/high risk bonds up to 35%. Prior to January 1, 2009 the composite included proprietary mutual funds and excluded sub-advised pooled funds. After this date the definition was expanded to include sub-advised funds and separately managed institutional accounts. The composite was created in January 2003.
4. Account returns are presented both gross and net of management fees. All account returns are net of transaction costs and gross of non-reclaimable withholding taxes, if any, and reflect the reinvestment of

dividends and other earnings. Monthly composite returns are calculated by weighting each account's monthly return by its relative beginning market value. All returns are expressed in U.S. dollars.

5. The Bloomberg Barclays U.S. 1-3 Year Government/Credit Index returns are provided to represent the investment environment existing during the time periods shown. The index is fully invested, which includes the reinvestment of dividends and capital gains. The returns for the index do not include any transaction costs, management fees or other costs. The index is not covered by the report of independent verifiers.
6. The dispersion of annual returns is measured by the asset weighted standard deviation of account returns represented within the composite for the full year. For those periods with five or fewer accounts included for the entire year, "n/a" is noted as the dispersion is not considered meaningful.
7. The three-year annualized ex-post standard deviation measures the variability of the monthly gross returns of the composite and the benchmark over the preceding 36 months.

	3-Yr Annualized Standard Deviation (%)	
December 31	Composite	Benchmark
2017	0.82	0.74
2016	0.94	0.76
2015	1.00	0.59
2014	1.12	0.50
2013	1.24	0.55
2012	1.26	0.73
2011	1.64	1.01
2010	1.78	1.70

8. Net returns shown are net of model investment advisory fees. Net returns are derived using the maximum fee rate in effect, adjusted for performance-based fees where applicable. Fees can vary among clients invested in this strategy.
9. Effective February 2012 the current standard fee schedule for separately managed accounts is as follows: 0.22% on the first \$100 million; 0.16% on the next \$200 million; 0.15% above \$300 million.
10. In June 2007 Darrell Watters and Jason Groom became the lead portfolio managers. In July 2010 Gibson Smith replaced Jason Groom as a lead portfolio manager. In January 2016 Darrell Watters replaced Gibson Smith as a lead portfolio manager.
11. Performance figures are based upon historical information and do not guarantee future results. Prospective clients should recognize the limitations inherent in composites, and should consider all information presented by Janus regarding the firm's investment management capabilities. Composite performance figures include changes in principal value, reinvested income and capital gains distribution.
